

AT HOME, CHURCH OR PLAY DEVELOPING A LIFESTYLE OF WORSHIP

This lesson teaches that worship is not something you only do at church. You can worship at home, anywhere and anytime.

The reason we were created was to fellowship with God. God created the earth and everything in it, but He chose us to have a relationship with.

What You Need:

M&M candies, enough for everyone to have their own package or handful.

What You Say:

In 1941 M & M's were created. The U.S. Army wanted a candy that they could give the soldiers that wouldn't melt in their backpacks.

Chocolate gives a quick burst of energy to the body and is easy to carry. They won't melt and make a mess. M & M's are chocolate inside and a hard shell outside. Soldiers could take them anywhere and they wouldn't melt or get messy like a Hershey chocolate bar would.

Point To Make:

M & M's are like our worship. Just like we can have M & M's at home, at church and at play, we can worship God at home, at church and at play.

We can develop a lifestyle of worship to God. Father God loves us and when we worship Him, we get closer to Him.

- We worship God by spending time with Him.
- Our worship is an expression of our love for Him.
- Worship is when we tell God how much we love Him.
